- Waterproof, robust backpack designed for alp crossing and biking with two separate internal compartments
- Sturdy, PU-coated nylon fabric
- Waterproof central zipper allows division of equipment
- Additional optional division creates 2 separate compartments
- Waterproof removable outer pocket for fixing of helmet or jacket
- Fixing for optional rear light or first aid kit (not included)
- Anatomically shaped shoulder straps with adjustment straps
- Comfortable carrying system incorporating air flow design
- Padded waist strap with zippered pockets
- Integrated hydration system with sealing port for hydration tube (diameter up to 10.5 mm), hydration system not included
- Emergency whistle
- Two neoprene outer pockets, e.g. for drinking bottles (not waterproof)

Backpack is supplied with carrying system and outer pocket

Note: In order to meet standard IP64 (6=dustproof, 4=protected against splash water coming from all directions) the roll closure must be rolled at least 3-4 times.
