

Frame lock 52

Art. no. 55473

Page 1 of 1

Technology

- 8 mm locking shackle
- The shackle, the case as well as supporting elements of the locking mechanism are made of special hardened steel
- Extra large aperture
- ABUS automatic cylinder with user-friendly reversible key
- Two keys are supplied with the lock

Operation and use

- Good protection at low theft risk
- Recommended for securing entry level bicycles

Transport

- LH – Easy screwing to the threaded rear frame
- SP – Screwing to the seat stay bridge
- Clutching Strap LH – For alternative mounting of frame locks to the bike frame (if no appliance in seat stay available)

Tips

- Frame locks are a convenient protection against unauthorized use of the bicycle
- It is highly recommendable to use a second lock besides the frame lock
- The KR (key retaining) version holds the key when the lock is open, the NKR (non key retaining) version allows taking it out of the cylinder
