- + Inner compartments with pockets
- + Carrying handle and padded removable shoulder strap

**Contents:** Bag comes with padded shoulder strap, 1 pair of reduction pieces in 8, 10 and 12 mm

**Optional accessories:** anti theft device (long), Notebook Sleeve 10, 13.3 or 15.4", QL2.1 hook 20 mm

**Attention:** Remove the shoulder strap or put it inside the bag before cycling

**Attention:** Maximum load per bag or per side of carrier is 9 kg / 20 lbs. As the admissible load of carriers differ, note the maximum admissible load – (information is normally found on the carrier) – do not exceed the carrier load limit. We recommend to check-weigh packed bags before riding - reduce the load if necessary. This applies to rear and front carriers and also to lowriders mounted on the fork. Note that the use of bike panniers will significantly influence the riding properties of your bike.

**Note:** In order to meet standard IP64 (6=dustproof, 4=protected against splash water coming from all directions) the roll closure must be rolled at least 3-4 times.
