

Steel-O-Flex Tresorflex 6615C

Art. no. 13657

Page 1 of 1

Technology

- 15 mm overlapping steel shells protect the inner steel cable
- Synthetic coating to prevent damage to the bicycle's paintwork
- Two component moulded digits guarantee life-long visibility
- Special touch protection for higher security against unauthorized access to the code through manipulation of the mechanism
- The special imprinting on the digits makes the operation easier even in the dark
- Individually settable code

Operation and use

- Good protection at low theft risk
- Recommended for securing entry level bicycles

Transport

- Snap Cage bracket (SCMU) for universal mounting

Tips

- Due to the steel shells, the Steel-O-Flex locks reach a significantly higher securing than common cable locks, yet maintaining high flexibility (Double protection)
- The combination lock is very suited for the use by several people
