

### Safety Data Sheet acc. to OSHA HCS

Page 1/6

Reviewed on 08/11/2016

### **1** Identification

- Product identifier
  - Trade name: Park Tool® Adhesive Primer
    - Synonyms: AP-1 Adhesive Primer
    - Part number: AP-1
- Details of the supplier of the safety data sheet
  - Manufacturer/Supplier: Park Tool Co. 5115 Hadley Ave. N. St. Paul, MN 55128 USA Telephone: +1-651-777-6868 Email: info@parktool.com Website: www.parktool.com
  - Information department: Product safety department
  - Emergency telephone number: United States: 1-800-424-9300 International: +1-703-527-3887

2 Hazard(s) identification

#### - Classification of the substance or mixture

Skin Irrit. 2 H315 Causes skin irritation.

Eye Irrit. 2B H320 Causes eye irritation.

#### - Label elements

- GHS label elements The product is classified and labeled according to the Globally Harmonized System (GHS).
  - Hazard pictograms

- Signal word Warning
- Hazard statements
- H315+H320 Causes skin and eye irritation.
- Precautionary statements
- P280 Wear protective gloves.
- P264 Wash face, hands and any exposed skin thoroughly after handling.
- P305+P351+P338 If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.
- Continue rinsing.
- P332+P313 If skin irritation occurs: Get medical advice/attention.
- P337+P313 If eye irritation persists: Get medical advice/attention. P362+P364 Take off contaminated clothing and wash it before reuse.
- P302+P352 IF ON SKIN: Wash with plenty of water.
- P321 Specific treatment (see on this label).

### - Classification system:

### - HMIS-ratings (scale 0 - 4)

- Other hazards
  - Results of PBT and vPvB assessment
    - PBT: Not applicable.

### 8 Exposure controls/personal protection

- Additional information about design of technical systems: No further data; see item 7.

#### - Control parameters

- Components with limit values that require monitoring at the workplace:

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace. - Additional information: The lists that were valid during the creation were used as basis.

#### - Exposure controls

- Personal protective equipment:

- General protective and hygienic measures:
- Keep away from foodstuffs, beverages and feed.

Immediately remove all soiled and contaminated clothing.

- Wash hands before breaks and at the end of work.
- Avoid contact with the eyes and skin.

- Breathing equipment:

In case of brief exposure or low pollution use respiratory filter device. In case of intensive or longer exposure use respiratory protective device that is independent of circulating air.

### - Protection of hands:

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

#### Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application. Nitrile rubber, NBR

- Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed. - Eye protection:

Tightly sealed goggles

\* O Dhucie al and abamic al mean artic

- Body protection: Protective work clothing

9 Physical and chemical properties	
- Information on basic physical and che	emical properties
- General Information	
- Appearance:	
- Form:	Fluid
- Color:	Light brown
- Odor:	Characteristic
- Odor threshold:	Not determined.
- pH-value:	Not determined.
- Change in condition	
<ul> <li>Melting point/Melting range:</li> </ul>	Undetermined.
<ul> <li>Boiling point/Boiling range:</li> </ul>	90 °C (194 °F)
- Flash point:	100 °C (212 °F)
- Flammability (solid, gaseous):	Not applicable.
- Ignition temperature:	
- Decomposition temperature:	Not determined.
- Auto igniting:	Product is not selfigniting.
- Danger of explosion:	Product does not present an explosion hazard.
- Explosion limits:	
- Lower:	Not determined.
- Upper:	Not determined.

- Vapor pressure:	Not determined.	
- Density:	Not determined.	
- Relative density	Not determined.	
<ul> <li>Vapor density</li> </ul>	Not determined.	
<ul> <li>Evaporation rate</li> </ul>	Not determined.	
- Solubility in / Miscibility with		
- Water:	Not miscible or difficult to mix.	
- Partition coefficient (n-octanol	/water): Not determined.	
- Viscosity:		
- Dynamic at 20 °C (68 °F):	43 mPas	
- Kinematic:	Not determined.	
- Solvent content:		
<ul> <li>Organic solvents:</li> </ul>	0.0 %	
- VOC content:	0.0 g/l / 0.00 lb/gl	
- Other information	No further relevant information available.	
) Stability and reactivity		

- Possibility of hazardous reactions No dangerous reactions known.

- Conditions to avoid No further relevant information available.

- Incompatible materials: No further relevant information available.

- Hazardous decomposition products: No dangerous decomposition products known.

### 11 Toxicological information

#### - Information on toxicological effects - Acute toxicity:

<ul> <li>LD/LC50 values that are relevant for classification:</li> </ul>
--

Accelerat	Accelerator	
Oral	LD50	500 mg/kg (ATE)
Dermal	LD50	1100 mg/kg (ATE)
1338-02-9	1338-02-9 Metal Salt Complex	
Oral	LD50	7500 mg/kg (rat)
Dermal	LD50	>5000 mg/kg (rabbit)
Inhalative	LC50/4 h	3 mg/l (rat)

#### - Primary irritant effect:

- on the skin: Irritant to skin and mucous membranes.

### - on the eye: Irritating effect.

- Sensitization: No sensitizing effects known.

#### - Additional toxicological information:

The product shows the following dangers according to internally approved calculation methods for preparations: Irritant

#### - Carcinogenic categories

#### - IARC (International Agency for Research on Cancer)

None of the ingredients is listed.

#### - NTP (National Toxicology Program)

None of the ingredients is listed.

#### - OSHA-Ca (Occupational Safety & Health Administration)

None of the ingredients is listed.

#### 12 Ecological information

- Toxicity

- Aquatic toxicity: No further relevant information available.

- Persistence and degradability No further relevant information available.

#### Trade name: Park Tool® Adhesive Primer

Behavior in environmental systems:

 Bioaccumulative potential No further relevant information available.
 Mobility in soil No further relevant information available.

 Ecotoxical effects:

 Remark: Harmful to fish
 Additional ecological information:

 General notes:
 Water bazard class 2 (Self-assessment): bazardous for water

Water hazard class 2 (Self-assessment): hazardous for water Do not allow product to reach ground water, water course or sewage system. Danger to drinking water if even small quantities leak into the ground. Harmful to aquatic organisms

#### - Results of PBT and vPvB assessment

- PBT: Not applicable.

### - **vPvB:** Not applicable.

- Other adverse effects No further relevant information available.

## 13 Disposal considerations

### - Waste treatment methods

- Recommendation: Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

#### - Uncleaned packagings:

- **Recommendation:** Disposal must be made according to official regulations.

4 Transport information		
- UN-Number - DOT, ADN, IMDG, IATA	not regulated	
<ul> <li>- UN proper shipping name</li> <li>- DOT, ADN, IMDG, IATA</li> </ul>	not regulated
