## SPECIFICATIONS:

- + Classical rear pannier (single bag) with roll closure in bright reflective colour
- + QL2.1 mounting system for racks with max. 16 mm tube diameter
- + Reduction inserts for tube diameters 8, 10 und 12 mm with anti-scratch function preventing abrasion on the rack
- + 20 mm hook available as separate accessory (e.g. for E-bikes)
- + PVC-free reflective fabric
- + Increased visibility when hit by headlights due to highly visible reflective fabric in neon yellow and black
- + Including integrated inner pocket and shoulder strap
- + Can be used individually (e.g. for shopping, sports, picknick)
- + As a pair can be combined with the ORTLIEB Rack-Pack on the rack
- + Comfortable to carry with shoulder strap (can be taken off)
- + Highly reflective 3M Scotchlite reflector
- + Can be easily cleaned inside

**Contents:** Pannier comes with shoulder strap, 1 pair of reduction pieces in 8, 10 and 12 mm

**Optional accessories:** ORTLIEB carrying system, outer pocket/s (size S), mesh pocket, bottle cage, anti-theft device

**Attention:** Maximum load per bag or per side of carrier is 9 kg / 20 lbs. As the admissible load of carriers differ, note the maximum admissible load - (information is normally found on the carrier) - do not exceed the carrier load limit. We recommend to check-weigh packed bags before riding - reduce the load if necessary. This applies to rear and front carriers and also to lowriders mounted on the fork. Note that the use of bike panniers will significantly influence the riding properties of your bike.

**Note:** In order to meet standard IP64 (6=dustproof, 4=protected against splash water coming from all directions) the roll closure must be rolled at least 3-4 times.
