

# Kids Helmet Youn-I MIPS

Art. no. 38809

Page 1 of 1

## Technology

- In-Mold for durable fusion of the outer shell and the shock absorbing helmet material (EPS)
- Extended foam visor for maximum face protection
- Deep temple and neck protection
- Full-faced shell reduces damage due to children based use
- Zoom Evo Kid - precise adjustment system with handy wheel
- Big, highly positioned and integrated LED rear light with 180° visibility
- Size adjustment via full ring made of robust and flexible plastic for ideal stability and adaptability
- Good ventilation with 5 air inlets and 12 outlets, connected by deep air stream channels
- Foamed in fly net
- High passive safety thanks to reflectors
- MIPS (Multi-directional Impact Protection System) is a technology, providing protection with respect to angled impacts
- Soft touch straps easy to adjust by practical sliders

## Operation and use

- Kids and youth helmet for everyday use

## Tips

- This helmet was developed and especially designed for children
- Rain cap available as accessory
