

Basil **Hook On System**

This innovative system, including the Basil Hooks, is a feature on all of Basil's new luxury bags. The hooks are width-adjustable for the best possible positioning on the luggage carrier, which makes the bags suitable for use on Basil front carriers too. The locking system with its green flag provides extra security to prevent loss. Also suitable for E-bikes. For tubes up to 16 mm Ø.

Basil Hook On System in **zipper pocket**

How do you turn a bicycle bag into a fashion accessory? The answer is the zipper pocket, invented and introduced by Basil. The hook on system can be hidden away in the zipper pocket, transforming the bicycle bag into a 'normal' shoulder bag in the blink of an eye.
