Fork-Pack only available in a set with QLS adapter

weight g/oz.	max. load kg/lbs.
85/3,0	3/6

### SPECIFICATIONS:

- + ORTLIEB Quick-Lock S adapter system (S=Small) for attaching smaller pockets to bicycle forks with screw fixings and tubes with constant diameter
- + Ideal for front fork or scooter handlebar tube
- + Either by direct mounting (thread in tube) or by means of two metal straps (on tubes with 30-42 mm diameter - included in delivery) the minimalist bracket is securely mounted
- + With one click, the bag snaps into place in a flash and can be removed just as easily
- + For quick removal, simply move the release lever at the top of the bag and pull the bag upwards
- + Maximum payload bag: 3 kg!

**Quick-Lock S products:** Quick-Lock S System installed on ORTLIEB Fork-Pack and Fork-Pack Plus

#### Attention:

- + Not suitable for mounting on conical tubes
- + Longer screws are required for threads that are offset inwards; these are not included in the scope of delivery.

#### Contents:

As set: Fork-Pack or Fork-Pack Plus with QLS adapter plate incl. mounting accessories and screws, mounting instructions  
 As accessory: QLS Mounting-Set Fork-Pack (Art. E235) e.g. for use on a second bike
