SPECIFICATIONS:

- + Classical rear pannier (single bag) with roll closure in bright reflective colour
- + QL2.1 mounting system for racks with max. 16 mm tube diameter
- + Reduction inserts for tube diameters 8, 10 und 12 mm with anti-scratch function preventing abrasion on the rack
- + 18 mm and 20 mm hook available as separate accessory (e.g. for E-bikes)
- + PVC-free, PU-coated nylon fabric
- + Including integrated inner pocket and shoulder strap
- + Can be used individually (e.g. for shopping, sports, picnic)
- + As a pair can be combined with the ORTLIEB Rack-Pack size 24 L or 31 L on the rack
- + Comfortable to carry with shoulder strap (can be taken off)
- + Highly reflective 3M Scotchlite reflector
- + Can be easily cleaned inside

Contents: Pannier comes with shoulder strap, 1 pair of reduction pieces in 8, 10 and 12 mm

Optional accessories: Pannier Carrying System, Anti-Theft-Device (E125), Outer Pocket 2,1 L, Mesh-Pocket, Bottle-Cage, QL2.1 hook 20 mm, QL2.1 hook 18 mm, QL2-Lock / QL2-Lock keyed alike (F3913/F3915)

Attention: Maximum load per pannier is 9kg / 20 lbs. We recommend weighing each loaded pannier to confirm that the maximum allowance of the pannier fixation is not exceeded. This practice is advised for both rear and front panniers. **CAUTION:** The maximum weight capacity of every carrier model is different. Please observe the maximum weight allowance of the carrier fitted to your bicycle. Note: Sometimes the maximum capacity of the panniers fixing system can exceed the maximum capacity of the carrier. **DO NOT** exceed the maximum capacity of the carrier! Note, that the use of panniers will significantly influence the handling properties of your bicycle.

Note: In order to meet standard IP64 (6=dustproof, 4=protected against splash water coming from all directions) the roll closure must be rolled at least 3-4 times.
