# Pria Pavè

# Pria Pavè

### Construction material:

• in fiberglass-reinforced nylon

### Technical Data:

• Total height: 140mm

• Weight: 40g +/- 10%

• Diameter: variable from 70 to 76mm wide

## Bottlecage characteristics:

• Thanks to the innovative adjustement system, the bottlecage adapts to all types of bottles 70 to 76mm wide

• Ideal for downhill or rough ground, thanks to the possibility of secure clamping of the bottle
