TURBO MUIIN

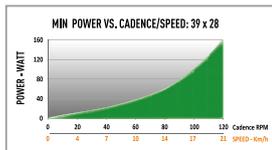

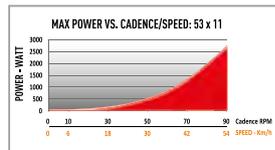

COMPATIBLE WITH

 BKOOL

COMPATIBLE WITH
 SPEED/CADENCE/POWER
 SENSOR FOR TRAINER

- Superquiet, smooth and progressive fluid technology
- Extremely high power output, ideal for cadence/power training
- Flywheel : weight 6 kg
- Thru axle version available
- Compatible with app My E-Training = unlimited level mode and 1 month free subscription

0135002

TURBO MUIIN SMART B+

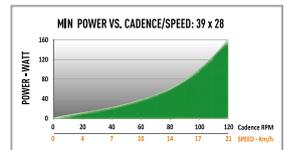

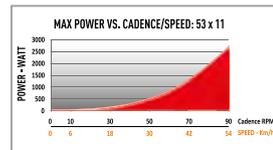

COMPATIBLE WITH

 BKOOL

- Includes Misuro B+ speed&cadence and power sensor
- Superquiet, smooth and progressive fluid technology
- Extremely high power output, ideal for cadence/power training
- Flywheel: weight 6 kg
- Compatible with app My E-Training = unlimited level mode and 6 months free subscription
- Sends speed/cadence/power data to ANT™+ and Bluetooth Smart compatible app and device

0135003

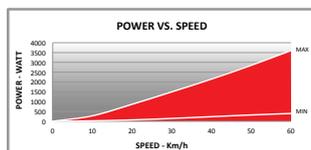

REAL TURBO MUIIN

COMPATIBLE WITH

- ANT communication
- Fluid dynamic and magnetic managed electronically
- Simulation slope till 18%
- Extremely high power output, ideal for cadence/power training
- Flywheel: weight 7 kg
- Realssoftware included
- Thru axle version available
- Compatible with app My E-Training = unlimited level mode and 1 month free subscription

0145001

REAL TURBO MUIIN B+

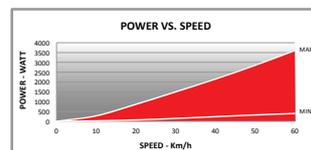

COMPATIBLE WITH

 BKOOL

- ANT™+ and Bluetooth Smart communication
- Fluid dynamic and magnetic managed electronically
- Simulation slope till 18%
- Extremely high power output, ideal for cadence/power training
- Flywheel: weight 7 kg
- Realssoftware included
- Thru axle version available
- Compatible with app My E-Training = unlimited level mode and 1 month free subscription
- Complete interaction with apps, software, devices using ANT™+(FE-C) trainers profile

0145003
